

Team Involvement in Demonstration

Date	: 05 July 2026
Team ID	XXXXXX
Project Name	AI Learning Support Assistant
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	Kondru Dhyanesh	Team Member & Analytics Presenter	Introduction & Problem Statement & Analytics Dashboard & Interaction History	Introduced the project, explained the problem statement, objectives, and overall workflow. Demonstrated the Plotly analytics dashboard, previous interaction history, CSV download feature, and explained analytics results.	Active
2	Kondru Dhyanesh	Solution Presenter & Testing & Documentation Presenter	Solution Architecture & Technologies & Testing Results & Documentation	Presented the system architecture, technology stack, AI models (BiLSTM & BERT), and Google Gemini integration. Presented Epic 6 testing, performance verification, responsiveness, documentation, and project validation.	Active
3	Kondru Dhyanesh	Feature Demonstrator & Q&A; Support	Live Application Demonstration & Question & Answer Session	Demonstrated subject selection, learning problem input, emotion prediction, mixed emotion detection, and AI-generated learning guidance. Answered technical questions related to implementation, project modules, and future enhancements.	Active

Team Coordination Notes:

Aspect	Details
Presenting Team Member	Kondru Dhyanesh
Overall Team Coordination Rating (1-5)	N/A - completed individually
Any Issues During Demo	Other team members were unresponsive and did not participate in the project or the demonstration preparation.
How Issues Were Resolved	Kondru Dhyanesh independently completed all sections of the project - development, testing, documentation, and demonstration - and presented the complete application workflow individually.

Demo Responsibility Distribution

- Kondru Dhyanesh: Project introduction and problem statement.

- Kondru Dhyanesh: Solution architecture and technologies used.
- Kondru Dhyanesh: Live demonstration of emotion prediction and AI learning support.
- Kondru Dhyanesh: Analytics dashboard, interaction history, and project conclusion.
- Kondru Dhyanesh: Testing results, documentation, and Q&A.;
- Note: Remaining team members did not respond or contribute, so all sections were completed and presented individually by Kondru Dhyanesh.
